

GHS to Graduate 133

Grayling High School will conduct the commencement ceremony for 133 graduates of the class of 1981 at 8:00 p.m. Friday, June 5 in the high school gymnasium. Speakers for the evening will be Melissa Lynn Meldrum, class valedictorian and class salutatorian, Sheryl Lee Wieland. Dr. William Diedrich, superintendent of the Crawford AuSable School District and Board president Kathleen Burkley will present diplomas to the graduates.

Baccalaureate Services for the class will be held Wednesday, June 3 at 7:00 p.m. in the Joseph Stripe Auditorium. Father Bill Rabior of St. Mary's Parish will deliver the main address.

The class will conduct their class night activities Thursday, June 4 at 7:00 in the Joseph Stripe Auditorium. Class president Holly Nunn will preside over the evening's events which include the reading of the class history, presentation of the class will, delivery of the class prophecy, announcement of class awards, and the president's address.

Welfare Abusers Sentenced

A Crawford County pair was sentenced on welfare abuse charges in 46th Circuit Court here on Monday, June 1, according to a press release issued by Prosecutor John B. Huss.

John Orlin Kurk plead guilty to Attempted Welfare Fraud and was sentenced to: 36 months probation/6 months in jail, first seven days to be served immediately balance withheld on a day to day basis. \$2,617.18 restitution to Department of Social Services; \$300.00 costs and reimbursement to the County for all Court appointed attorney fees.

Carolyn Ann Kurk, also plead guilty to Attempted Welfare Fraud, and was sentenced to: 36 months probation/6 months in jail, first five days to be served immediately balance withheld on a day to day basis. \$2,617.18 restitution to Department of Social Services; \$300.00 costs and reimbursement to the County for all Court appointed attorney fees.

Juveniles Nabbed In Bike Thefts

Sheriff's deputies last Wednesday arrested two juveniles in connection with the theft of four dirt bikes from sheds on Wilderness Trail in Grayling Township. According to police, the bikes were reported missing about 10 days earlier by the owners, Thomas Green of Drayton Plains and George Rennie of Westland.

The stolen bikes were recovered by police, who petitioned the two juvenile suspects to Probate Court.

Police are searching for suspects in a May 24 incident in which a military-type bomb was hurled into the Red Barn Nightclub on M-93/M-72 about 1:20 a.m. May 24. Grayling Township firemen were called to the scene where fans were used to clear smoke from the building.

The Big Creek Lodge, off F-97 northeast of Grayling, was burglarized May 31, and several guns, sleeping bags and a quantity of liquor were taken. Police say thieves broke down a door to enter the lodge, owned by Allen Werthma of Waterford. Police are investigating.

A barn-type garage owned by Ron Altwies on Chase Bridge Road was also victim of a breaking & entering, and tools, a chain saw, quantity of gas and oil and other assorted items were reported taken.

The incident, which was reported May 25, is being investigated. Police say thieves broke into the structure to gain entry.

Deputies are also asking for citizen's help in locating four handguns mistakenly left behind at a target shooting site in Beaver Creek. Police say two men were target shooting in an abandoned gravel pit when the guns were accidentally left behind when they drove away. Value of the weapons was estimated at \$600.

Deputies responded to 65 complaints last week. Eight B & E's were reported and 5 property damage accidents were investigated. Four involved car/deer mishaps.

Other complaints included malicious destruction of property, missing person reports, disturbances, health code violations, nuisance complaints and three larcenies.

The ambulance was summoned on five occasions.

Rotary Club Announces Scholarships

The Grayling Rotary Club will be awarding four \$500 scholarships this summer to Crawford County students who have successfully completed at least the Freshman year in college by this spring.

Applications may be obtained at the Grayling High School Counseling office and should be returned to the Grayling Rotary Club, P.O. Box 373, Grayling, MI 49738.

Two of the scholarships will be awarded in June and the other two will be announced in July. After screening by a committee of the club, some applicants can expect to be contacted for a personal interview.

Beth Jones 7th in Two-Mile

Although GHS track girls failed to return with any points from the Class C State Meet held Saturday in Clare, the 880 and mile relay teams set two new school records and Beth Jones finished 7th in the two-mile event.

"The girls ran well, and more than anything else, competing in the state meet was a great experience," said a proud coach Marilee Cheney when the team returned to Grayling.

The 880 relay team of Jill Headlee-Dawn Weatherly-Shelly Peterson-Lisa Radebaugh finished in 1:51.4, topping a 1980 school record by .4 second. The mile relay team of Jill Headlee-Heidi Bendig-Diane Lee-Jean Stevens ran in 4:18, beating the old record set in 1979 by .1 second. Beth Jones ran the 2-mile in 11:56.

"It was a nice way to end the year," concluded Cheney, "and a very successful one at that."

Car Wash This Saturday

The defending Grayling Little League Champions, Millikins Construction, will be having a car wash this Saturday in an effort to raise money for new uniforms.

The car wash will be held from 9:00 a.m. to 3:00 p.m. at Borchers AuSable Canoe Livery on 101 Maple.

Archery Club, C of C to Host Guard

The Grayling Archery Club along with the Grayling Chamber of Commerce will be the host to all senior NCO's, E-8's and E-9's from the Ohio, US Army Reserve, Michigan and Indiana National Guard at the Grayling Archery Club.

There will be Polish Sausage, Beer, etc. for all who attend. Tickets will be on sale for the festivity.

Along with the meal will be a door prize, fun prizes, archery demonstration and an award for the outstanding citizen soldier will be given for each encampment.

The dates for the dinners will be: June 15th Ohio; June 29th US Army Reserve; July 13th Michigan; July 27th Ohio; August 10 Indiana.

For more information contact the Grayling Chamber of Commerce.

Valedictorian

SHERYL LEE WIELAND
Salutatorian

The Valedictorian of the Grayling High School graduating class of 1981 is Melissa Lynn Meldrum. Melissa is the daughter of Mr. and Mrs. Duane Petrie of Grayling. While enrolling in a college preparatory curriculum, Melissa has maintained a grade point average of 4.0 (straight A) throughout her high school career as she completed advanced placement composition and literature courses, two years of chemistry, physics, four years of advanced level mathematics, spanish, german, and psychology in addition to the required curriculum.

Melissa will enroll next fall in a liberal arts curriculum at the University of Michigan where she is the recipient of a State of Michigan competitive scholarship and a University of Michigan private scholarship. Melissa was honored as a commended scholar in the National Merit Scholarship program and has been a member of the AuSable chapter of the National Honor Society at Grayling High School for the past two years.

Melissa transferred to Grayling High School at the end of her freshman year from Midland where she was president of the Intermediate School Student Council, played basketball and was a cheerleader. At Grayling High School she was Student Council Treasurer and class Vice-President during her Junior year, played basketball during her Sophomore and Junior years, and was a member of the basketball cheerleading squad during her Sophomore year. During the summer between her Junior and Senior years, Melissa had the honor of representing Grayling High School at Wolverine Girl's State.

The Salutatorian of the Grayling High School graduating class of 1981 is Sheryl Lee Wieland. Sheryl is the daughter of Mr. and Mrs. Michael Wieland of Grayling. While enrolling in a college preparatory curriculum, Sheryl has maintained a grade point average of 3.9 throughout her high school career as she completed advanced placement literature, two years of chemistry, four years of advanced

Attention Little League

Parents, players, and former players! Many uniforms from previous years' participation in Little League Baseball were never collected or turned in. We are in desperate need of these uniforms for present teams.

If you have any of these uniforms (shirts, pants, socks), please contact Mick McNamara at 348-9871, and individual arrangements will be made to pick them up. This years players and coaches thank you!

Scholarships Awarded

The Grayling High School Class of 1981 has earned in excess of \$23,000.00 in scholarship money. This represents four years of continuing scholastic effort. This class can boast of members who have taken five mathematics courses and six science courses during their four years at Grayling High School. This can only be done by doubling technical courses during their high school career.

The students who received awards fall into two categories. Some receive monetary awards and some attain honorary awards only. They are not distinguished in the list following. These seniors, whether receiving money or only recognition, have equally devoted time and effort to academic study.

These are young people of whom we can be proud:

Bill Roach—Alma Presidential Scholarship, Patty Hill—Central Michigan University Board of Trustees Scholarship, Sue Prause—Central Michigan University Board of Trustees Scholarship, Ronda Morford—Central Michigan University Board of Trustees Scholarship, Jay Schrader—Eastern Michigan University, Holly Nunn—Eastern Michigan University.

Also Connie Keene—Miss Grayling Scholarship, Holly Nunn—1st Runner up, Miss Grayling Scholarship, Kelly VanNuck—2nd Runner up, Miss Grayling Scholarship, Dawn Hammond—Kirtland Community College, Rod Leslie—Kirtland Community College, Sharon Golnick—Lake Superior State College, Tim Emerick—Lovells Home Extension Scholarship, Connie Keene—North Central Michigan College.

If Extra Millage Fails: Deep, Drastic School Cuts

By Joe Schrader

If the additional 5.70 operating millage fails to gain voter endorsement next Monday, school administrators will have to make budget cuts amounting to \$671,000, a 16.6% slash from the budget of \$3,977,366 approved by the Crawford-AuSable Board of Education on May 4.

And the operating cost reduction will have a dramatic effect on school life for local students in 1981-82.

In an interview on Monday, School Supt. Dr. Bill Diedrich reviewed with the Avalanche some administrative thoughts about cost-cutting proposals now being considered by the school staff, reductions he vowed would change the complexion of the educational

system here dramatically.

Diedrich said he hoped his remarks about the fiscal problem would not be construed as threats: "I just want people to know the severity of the problem," he said.

The Crawford-AuSable Board learned May 4 that the district would fall an estimated \$53,000 short of covering expenses for the current year, and OK'd a renewal proposition of 17.90 mills plus separate request for 5.70 mills. Voters will decide the issues June 8.

Meanwhile, school staffers are wrestling with the dubious task of lopping \$671,000 from next year's budget, directed to do so by the board at its May 4 budget meeting. The reduction will be a foregone conclusion if the additional 5.70 mills is not approved. "The administrative staff is preparing the list of cuts", Diedrich said, "but of course the final decisions are up to the school board."

He continued, "If we were to make that deficit by laying off

School Election Set For Monday

By Joe Schrader

Voters will go to the polls Monday, June 8th to consider the Crawford-AuSable School Board's request for a 17.90 school operating millage renewal and separate request for 5.70 mills for next year.

The voters will also elect two school board members from a field of nine candidates vying for two posts.

Following a 1981-82 budget presentation by school administrators May 4, the Board unanimously passed the millage proposition outlined above, which if approved in total, would provide revenue for school operation next year, as well as recover an expected \$53,000 shortage from 1980-81.

Polls at three voting precincts will open at 7:00 a.m. and remain open until 8:00 p.m.

The millage proposals offered to the voters on Monday will read as follows:

I. Millage Renewal Proposition Shall the limitation on the amount of taxes which may be assessed against all property in Crawford AuSable School District, Crawford, Otsego and Kalkaska Counties, Michigan, be increased by 17.9 mills (\$17.90 on each \$1,000.00) on state equalized valuation for the year 1981, for the purpose of providing additional funds for operating purposes (this being a renewal of 17.9 mills for operating purposes which expired with the 1980 tax levy)?

II. Additional Millage Prop. Shall the limitation on the amount of taxes which may be assessed against all property in Crawford AuSable School District, Crawford, Otsego and

Kalkaska Counties, Michigan be increased by 5.7 mills (\$5.70 on each \$1,000.00) on state equalized valuation for the year 1981, for the purpose of providing additional funds for operating purposes (this being a separate proposal in addition to the increase submitted in Proposition I at this same election)?

The following candidates have been nominated for Board posts, two openings for full terms (4 years) ending in 1985:

Doris O. Birtcher, Sherry M. Hanson, Michael J. McNamara, William E. Morford, Roger Alan Moshier, Mickey L. Perez, Thomas H. Schans, Wm. Duane Sloan, Seeley G. Wakeley.

(Brief profile on each candidate appears later in this article.)

The voting places Monday are as follows:

PRECINCT NO. 1
Voting Place—Gymnasium of the Grayling Middle School Building, in the City of Grayling, Michigan. The first precinct consists of all the territory of the former Grayling Public Schools.

PRECINCT NO. 2
Voting Place—Gymnasium of the Grayling Elementary School. The second precinct consists of the territory of the former Frederic Community School. (All of the territory except

Legion Aux. to Elect Officers

The American Legion Auxiliary will hold election of new officers on Wednesday, June 10th, all members please plan on attending this meeting. Pres. Violet Kehr

Lovells Township).

PRECINCT NO. 3
Voting Place—The Lovells Township Hall. The third precinct consists of the rest of the territory of the former Frederic Community Schools. (Namely Lovells Township, only).

All school electors who are registered with the city or township clerk of the city or township in which they reside are eligible to vote at this election.

A "Meet The Candidates Night" was held Wednesday, May 27, attended by about 50 interested citizens at the Middle School Library. The event was sponsored by the Crawford-AuSable Federation of Teachers (CAFT), Council on Political Education (COPE) and Crawford-AuSable PTA.

Following is a brief profile of each of the nine candidates, compiled from information provided during the meeting on Wednesday:

ROGER ALAN MOSHIER—Age 32. Born & raised in Grayling. Owner-operator local service station. Married, 5 children. Main reason for running is concern for quality education. "Wants to know why money is spent and where." Believes teachers should be dedicated and willing to spend extra time with students in need of added help. Does not support 5.70 added mills, feels school finances can be analyzed to arrive at lower figures.

MICHAEL J. McNAMARA—Registered Pharmacist in Grayling. Engaged to be married. Believes certain extra-curricular activities could be financed by contributions from the private sector. Believes new Middle School construction should wait for improved economic conditions. Supports renewal and 5.70 added mills with a guaranteed cap on spending for 3-4 years.

SEELEY G. WAKELEY—Age 29. Native of Grayling. Married, 2 children. Reason for seeking See Election on Page 2

Warning

Weapons firing will be conducted at Camp Grayling during the period 9-14 June 81.

Firing will be going on in the following range areas:

Millage

(Continued From Page 1)

Diedrich then outlined areas that school administrators are looking at, although not necessarily in this order:

- Closing libraries.
- Eliminating all extracurricular programs and non-revenue producing sports.
- Eliminating health and counseling service.
- Shortening of school day.
- Eliminating evening educational programs that don't pay their way.
- Reducing transportation costs.
- Reducing purchases of supplies, textbooks, educational materials.
- Dramatically reducing maintenance expenditures.
- Reducing custodial services.
- Eliminating fine arts and specialized physical education instruction at elementary schools.
- Increasing class sizes.

Although he declined to get specific, Diedrich said many other areas are being sought out where cuts can be effected to reach the nearly three-quarter million dollars that would have to be saved.

He concluded: "These are the places that school districts look when searching for cuts of this size. While I don't want to threaten people, I want them to understand how serious the situation is if we don't get the extra millage. Without the extra money, this district will operate in a way dramatically different from the present. There is just no way we can offer a good, sound educational program if we cut \$671,000 from the budget."

Mr. Howard Madsen, Publisher

Dear Whitey:

I am compelled to comment upon the column "The Bible Speaks" of Thursday, May 21, 1981. The above article was one of the most appalling statements I have ever seen in print. Certainly no one condones crimes against mankind, but the idea of a minister of the faith in Jesus Christ espousing public crucifixion of such criminals is incomprehensible.

The God, that was described through carefully chosen verses, is not the God of forgiveness who was Himself crucified. No one who has been moved by the love of Christ for mankind could possibly believe that He would seek vengeance.

Humans were asked to choose who would be freed and who would be crucified after the trial of Jesus. Humans chose to free Barabbas because he promised violent retribution. They chose to crucify Christ because He offered only love. The article seems to show that humanity has not changed.

Taking statements out of context to prove a point is one of the most obvious forms of logical fallacy, and usually the result is laughable. This example, however, provokes fear rather than laughter. The terrorism spoken of is not nearly so horrifying as that which is proposed. How would crucifixion by avowed Christians differ from that performed by men such as Joseph Stalin and Roman legionnaires? I suggest that there would be no difference because they are all examples of human error (the humanism supposedly rejected by Mr. Barnett) and have nothing to do with the God of the New Testament. One must remember that human history has been darkened by others who have performed their atrocities in the name of God. The Spanish Inquisition, the Salem Witch trials, the genocide of the American Indian, and the lynchings of the K.K.K. are only a few examples. It is to be hoped that no one, in the light of history, would choose to be numbered among those.

In the future, sir, it would be appreciated greatly if the column were referred to as "Mr. Barnett Speaks". Statements such as those made on May 21, 1981, if expressed by a Layman, can be understood though rejected. They are intentional and totally unacceptable distortions of the Bible that I know. I cannot accept seeing such abominable ideas printed in it's name by one who professes to be it's spokesman.

Sincerely,
Robert Woodland

From Our Corner ...

It's that time again for the annual school election...this year the electorate will be filling two vacancies from a group of nine on the Board of Education...and also will be asked to renew 17.9 mills with an additional 5.70 mills for operation of the school system...

It really is a shame that each and every year the school board has to come before the voters and ask them for money so that they can give a proper education to the youths of Crawford County...

It's not only here in our county, but all over the state that each year the question arises like the monster of the deep...with the question, are you, the taxpayer, willing to pay for the education of this generation as those before you paid for yours?

This is a decision that no one can tell you how you should vote...it is a decision of sacrifice for many, more so for those on fixed incomes...

There will be two separate ballots to vote on...one will be for the renewal of the present 17.9 mills that was voted for last year...the other ballot, the Board of Education is requesting an additional 5.70 mills for the purpose of providing additional funds for operating purposes, that will supply the funds to retain the same curriculum and not force laying off teachers and other personnel that is needed for a successful operation of the school system...we are going to vote yes...all we ask of the electorate is to get out and cast your ballot not matter how you feel about the issues...

Along with the millage ballots...nine candidates will be seeking the two vacancies on the Board of Education...the two incumbents, Mickey Perez and Wm. Duane Sloan are being challenged by Doris O. Birtcher, Sherry M. Hanson, Michael J. McNamara, William E. Morford, Roger Alan Moshier, Thomas H. Schans and Seeley G. Wakeley.

Being a small town, we have never come out and backed any individual for office...we feel most people know them or are able to find out about each one...we do however, take stands on amendments or millage voting...

On helping out schools we have never voted against a millage proposal, and do not intend to this year...all we ask of the voters is to exercise your precious privilege that you have and cast your ballot, Monday, June 8th...

A Crawford County couple just received a congratulatory note from the White House...we are happy to be able to pass it on to our readers...

Dear Mr. and Mrs. Johnny LaMotte:

Nancy and I are delighted to send our congratulations as you celebrate your 66th wedding anniversary.

We are proud to share in this very special occasion of yours. We know that you have had many joyous times over the years, and we wish you continued health and happiness.

With warm personal regards and, again, our congratulations.

Sincerely, Ronald Reagan

Mr. and Mrs. Johnny LaMotte
6644-D Old Lake Road
Grayling, Michigan

From Our Corner...we wish to add our congratulations and best wishes in the years to come...it is a milestone that very few attain...again to the Johnny LaMotte's our sincere congratulations...

How has this been for Michiganders or if you prefer Michiganders weather these past couple weeks...sleep at night with a comforter in low 40 degrees, and then by noon it is up to the 70's...this of course brings out the saying, stick around for about fifteen minutes and temperature will change...really, this is why the ol' fella likes living in the Wolverine State...

For our readers who may be interested, we spent the weekend in T.C. to help our number two granddaughter, Stefany celebrate her 4th birthday, along with T.J. and mom and dad...

This takes care of this week's efforts...goodnight, T.J., Stef and Amber...and to all, have a very nice weekend...

The Bible Speaks

From Calvary Baptist Church

We Must Stop Prison Riots

Recently we wrote an article entitled "We Must Stop Terrorism!" sparked by the recent shooting of our president and the Pope. We called for a return to Bible justice which includes capital punishment for the most serious crimes. When we laid the present prison problems in Jackson to a failure to execute a dangerous group of convicted murderers, the present prison riots in Jackson, Ionia and Marquette had not started. Our ability to foresee and predict the problem came not from prophetic ability, but just common sense.

The Humanist liberals were caught with the words still in their mouth calling upon us taxpayers to build new and better prisons to avoid prison problems. They will now point the finger at you and me and tell us society has failed the poor, miserable, social outcasts. Even in the face of factual failure the liberal Humanists must console the criminal and

make you and me feel like guilty failures for not showing more love and concern for those who are incarcerated.

What good have the millions of tax dollars already spent on prison improvement done to benefit the prisoners or society? Let us look at Jackson: "The inmates burned down seven of the nine dormitory units; destroyed seven rooms and the gymnasium in the prison's \$4 million school, built in 1977; severely damaged the food service building, and caused some damage to two cell blocks." - Detroit Free Press, Thursday, May 28, 1981, page 11A. This is what the prisoners think of your sacrifice of \$4 million to give them a school and gym in Jackson! This is what they think of how you feed them.

What was the cause of the second terrible riot in Jackson? The prisoners had rioted the week before and asked for blanket amnesty so no one would be punished for the first riot. This is the view of the Warden of Jackson who earned his doctorate in psychology from Michigan State University. The Warden ended the second riot not with "Amnesty" but "Firepower." "When we confronted all the inmates with the amount of firepower we had, that permitted everybody to start locking up without fear of being singled out as co-operating. That's a fact of prison life," the warden said.

Now my fellow taxpayers, shall we listen to the smooth words of the liberal Humanists and build a better school and gym than we built in 1977 which will please the prisoners more than 4 years? Perhaps we should make sure all the pooltables have slate and all the televisions have color and cable. Since they "severely damaged the food service building" perhaps we should consider contracting an outside catering service with real French chefs who cook to personal requests and tastes.

Most American taxpayers are getting sick of the effeminate permissiveness of the liberal Humanists. Love, forgiveness and understanding are great for our interpersonal relationships, but the Bible instructs govern-

3 Crawford County Avalanche
ments to operate by law not love, and to carry out justice with equality, punishing evil and rewarding good. Encourage your elected officials to support the return of capital punishment. It is Biblical. It is Christian. It is logical. It is right. It is necessary. (adv.)

Reading
Progress
Reviewed

In 1978, improved reading
achievement was cited as a top
priority by the school board, the
administrative and teaching
staffs of Crawford AuSable
Schools, and by Crawford County
residents who participated in
a community survey and Phi
Delta Kappa Questionnaire.
On Monday, May 11, a progress
report was presented to the
Crawford AuSable Board of
Education by Peter Ingvarsson
that outlined what has been
done since 1978 to meet that
priority.

The first step that was taken
during the school year of 1978
was to develop district wide
reading objectives. These ob-
jectives are specific statements
of exactly what students should
achieve at each grade level.

Next, the objectives were
matched with test information
to determine which objectives
the students had the most
trouble with. These matched
objectives became "high need"
objectives.

Teachers then met in grade
level groups to list all of the
strategies they were currently
using to teach these identified
high need objectives.

At this point, teachers met
again in grade level groups to
generate possible new ways to
teach the high need objectives.

The combination of the best
existing teaching methods and
workable alternative strategies
has been implemented during
the 1980-81 school year. Results
thus far have shown that 20%
more of the school district's
fourth graders in 1980 have
mastered 75% to 100% of the
reading objectives on the
Michigan Assessment test than
in 1978. Plans are to continue
working on high need objectives
in order to consistently improve
reading achievement.

Letter to the Editor

We would respectfully like to take issue with some of the points raised by Pastor Barnett in his "The Bible Speaks" column of May 21, 1981, entitled, "We Must Stop Terrorism." It is most unlikely that capital punishment would act as any kind of deterrent to the kinds of violent crime such as the recent attack upon the pope, since the men and women fanatically committed to such acts of violence are usually fully prepared to die by violence themselves as part of the price to be paid for calling attention to their particular cause.

More importantly, we do not believe that a solid argument can be made from the whole of the Bible for advocating capital punishment, and especially for depicting God as a deity who somehow is pleased by the execution of wrongdoers.

Jesus made it a point over and over again to reveal a God who is compassionate and merciful—a God who is a just judge, but certainly not a bloodthirsty executioner. A major theme of the Lord's preaching and teaching is forgiveness. He repeatedly called for the forgiveness of one's persecutors and enemies. On the cross he not only forgave the repentant criminal who hung beside him, and who very likely was guilty of capital crimes, but he also forgave those who had committed perhaps the worst crime human beings are capable of, namely, sending an innocent person to death.

As for crucifying the would-be assassin in St. Peter's Square, it should be pointed out that Pope John Paul II soon after the shooting took place, publicly declared his pardon and forgiveness of his assailant. The pope is the representative of the same Christ who said not to repay evil with evil.

International terrorism is a terrible and horrifying phenomenon—a frightening problem of colossal proportions, for which there are no simple solutions. In many countries of the world, some of the worst acts of terrorism are done by persons who purport to be Christians, and who claim to find justification in the Bible for the violence they perpetrate. However, once the killing starts, it is perhaps the ultimate libel to justify it in the name of the God who has revealed himself to our world primarily as a God of love.

Dear Whitey,

In early May, we mailed approximately 30 letters to residents of the City of Grayling regarding the necessity to dispose of various types of accumulated junk and/or trash. We have been extremely pleased at the response which we have received.

As of today's date May 26, 1981, all but a few of the persons contacted have complied with our request and we anticipate that those remaining will also do the same.

We wish to take this opportunity to say thank you to those people who have helped us create a cleaner, healthier and nicer looking community. By their participation in this "Clean-up Program", they have shown their pride which is necessary for our community to present an attractive image. This will help all of us to have the kind of city which will be impressive to visitors and to potential business investors as well as making it a more pleasant place in which to live and to raise our families.

Sincerely yours,
Peter W. Stephan

District Court

7 Crawford County Avalanche

Thursday, June 4, 1981

The following appeared before Judge Francis L. Walsh in 83rd District Court last week: Daniel Wayne Bradley, 20, Auburn Heights, waived preliminary examination on a charge of breaking and entering an occupied dwelling and was bound over to Circuit Court. A \$1,800 Cash/Surety Bond was set.

Duane Richard Welch, 19, Grayling, waived preliminary examination on two charges (1) breaking and entering an unoccupied building and (2) U.D.A.A. and was bound over to Circuit Court. A \$5,000 Cash/Surety Bond was set.

Sami Nicholas Becker, 23, Redford, pled guilty to a charge of D.U.I.L. His license was restricted for 90 days, can drive to and from and during employment and was fined \$305 or 30 days.

Two defendants pled guilty to impaired driving charges. They were: Dennis Alan Beringer, 28, Davison and Maxine Marian Hock, 50, Alger. Both were fined \$255 or 14 days in jail.

Your June utility bill may be the most important one you'll receive all year.

When you open the envelope containing your June utility bill you will find a very important booklet (or you might receive it as a separate mailing.)

It describes the new Michigan Residential Conservation Services program featuring a Home Energy Analysis.

The new service is offered by eight major Michigan utilities and meets the requirements of the Michigan Public Service Commission and the 1978 National Energy Act. It's available to all homeowners and renters who pay energy utility bills.

Even if you and your family are already conserving energy, the Home Energy Analysis can show you how to save more.

For a \$10 fee, you will get a complete inspection of your home by an energy specialist from your utility. You will learn how effective your present insulation, weatherstripping, caulking and other energy cost saving measures are, and you will be provided with information on specific things you can do to reduce energy waste.

You also will receive a written computer analysis giving you estimates on how much recommended improvements will cost and how long they will take to pay for themselves. Information on contractors who can do the work, details on financing, tax credits and Home Weatherization Grants for low income persons also will be provided. After the work is completed, you may have it inspected by your utility.

Some of the recommendations may cost very little or nothing at all. Some you may be able to do yourself. Others will require the services of a contractor. In any case, the Home Energy Analysis puts you under no obligation to carry out any of the recommendations. However, you probably will want to do at least some of these, because now you will know a great deal more about how to make your home energy efficient.

Whether or not you decide to have a Home Energy Analysis, please read

the booklet that comes with your June bill or by a separate mailing. It lists many things you can start doing right now to save energy and money. The booklet also tells you about assistance you can get from your utility to help you make your home more energy efficient—with or without the Home Energy Analysis. Lists of contractors and lenders, as well as do-it-yourself information also are available from your utility.

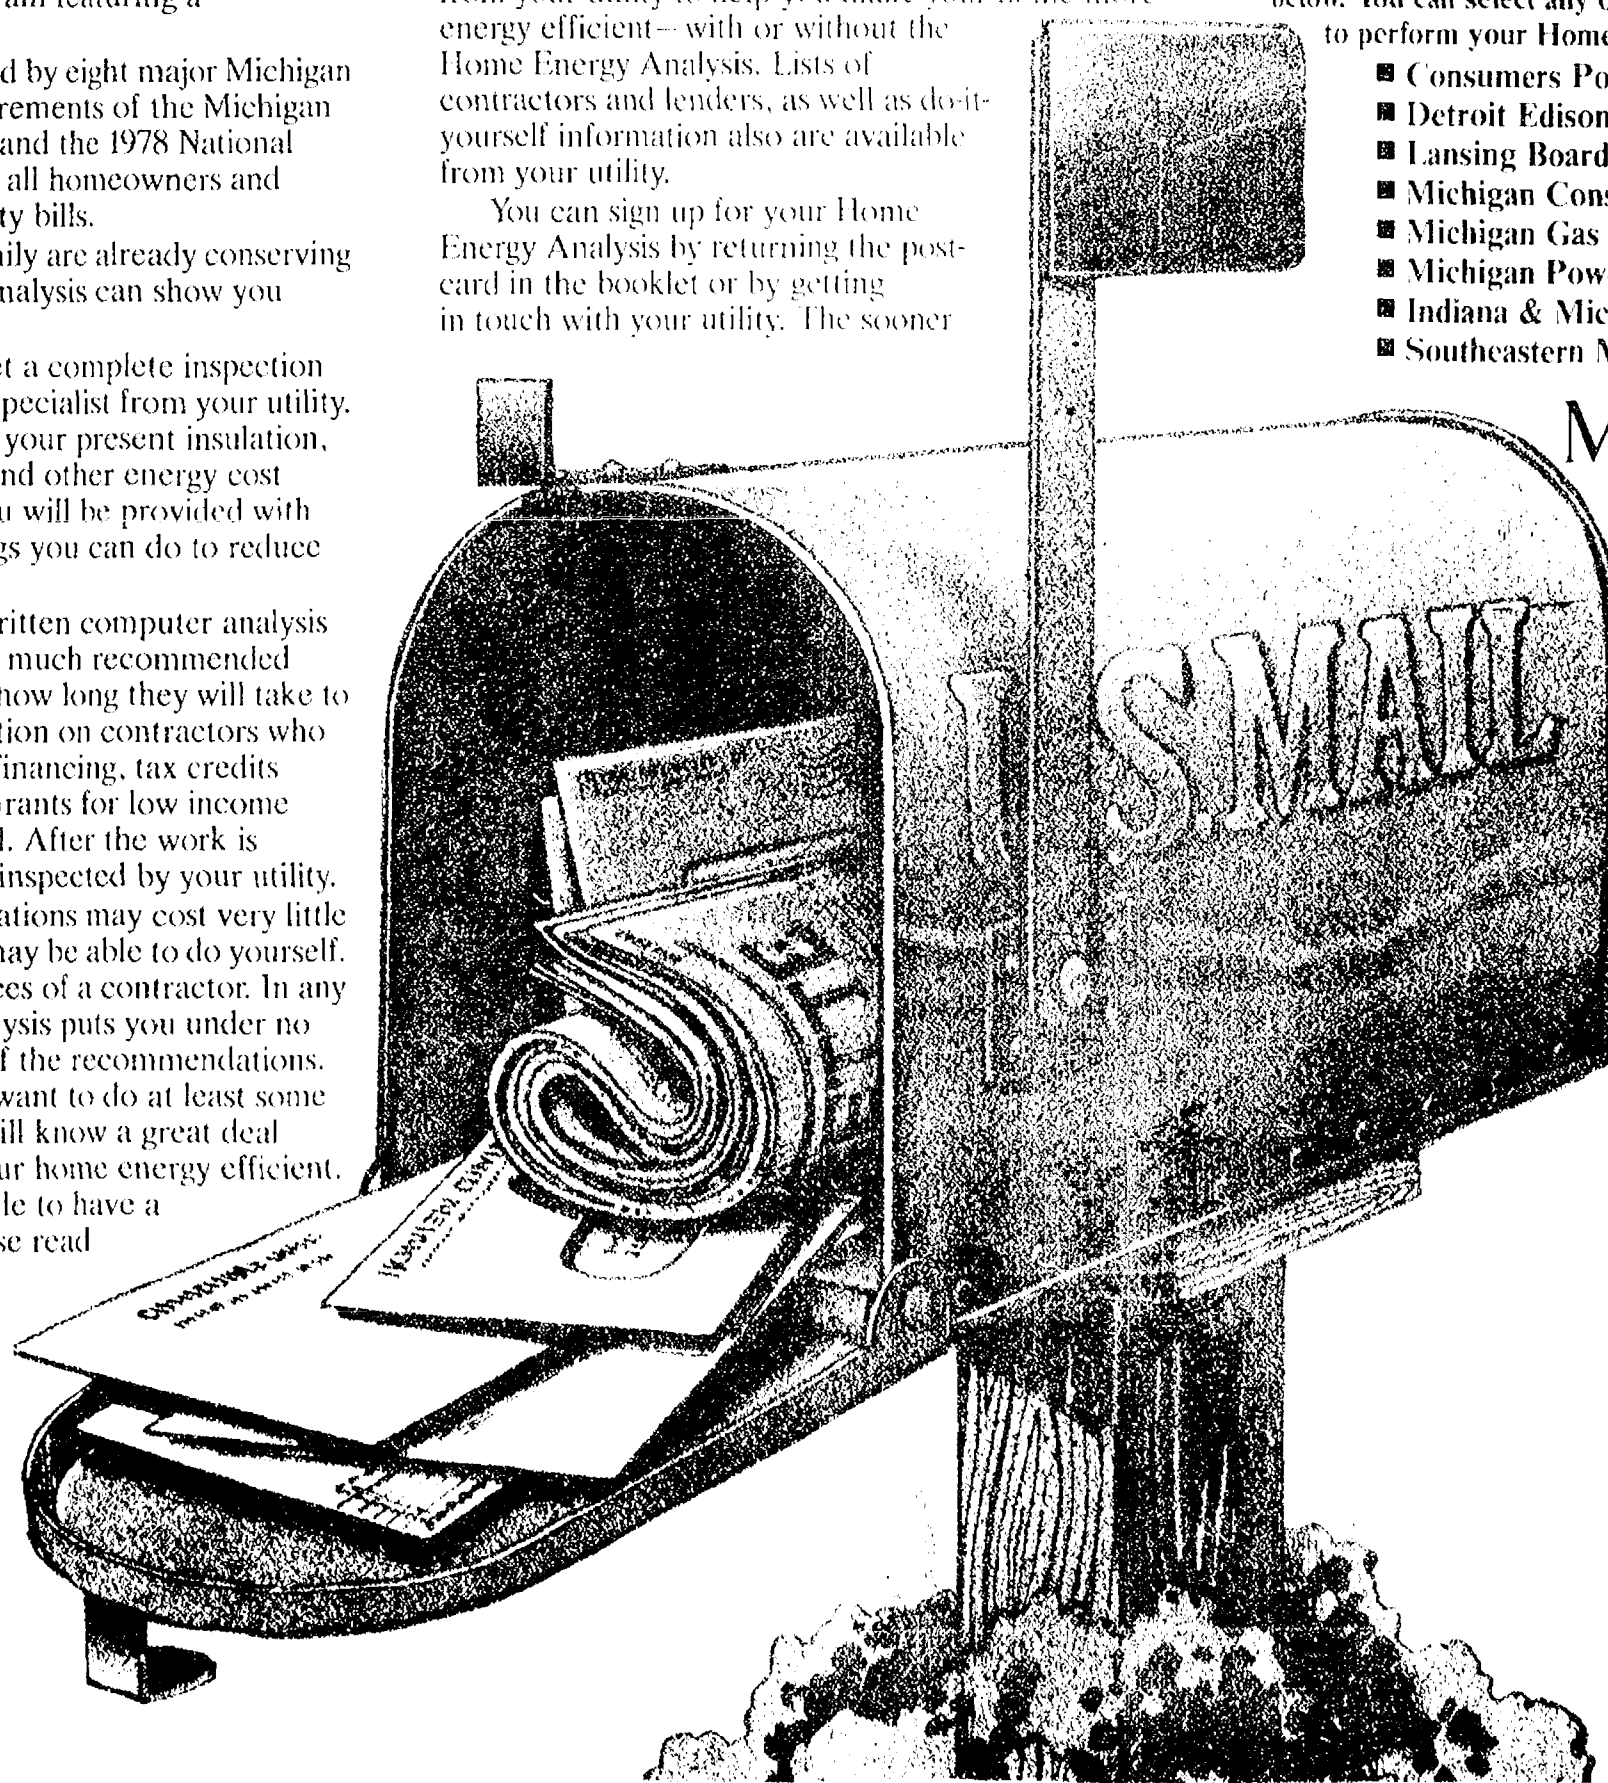

You can sign up for your Home Energy Analysis by returning the postcard in the booklet or by getting in touch with your utility. The sooner

you sign up, the sooner you can start reducing energy waste in your home.

The Michigan Residential Conservation Services program is conducted through the utilities listed below. You can select any one of which you are a customer to perform your Home Energy Analysis.

Q: IF I CAN GET A HIGHER RETURN FROM A MONEY MARKET FUND, WHY SHOULD I PUT MY MONEY IN FIRST SAVINGS?

A: INSURED SAFETY AND A GUARANTEED RETURN.

It's as simple as that. With a First Savings Money Market Certificate there's no risk. Your savings are insured up to \$100,000. And the rate is guaranteed for the length of the certificate. With a Money Market Fund it's different. Your money's not insured, so there's always the chance you could lose it all. And in many money market funds the rate of return is not guaranteed. In some Money Market Funds, the rate changes daily. If the rate goes down so does your return. That's why it's important to check carefully before you invest. So the question is really not who pays a higher return today, but risk versus no risk. We think you'll feel a lot better with your savings in a First Savings "No Risk" Money Market Certificate.

CLEAN-UP CREW—At the Grayling Elementary School, students from Mrs. Bovee's class were asked to rake and shovel the court yard. They're making it so it will look nicer and they're thinking about putting grass in it too. They let the squirrel go and the rabbit died and the raccoon has found a nice home. Mrs. Williams and Mrs. Knibbs students helped pick up all the stumps and twigs before the fifth graders raked. It is a school project to improve the looks of it.

Pictured in the front row, left to right are Tim Priebe, Robert Fenton, and Steve Peterson. Second row, left to right are Jason Small, John Marsack, Scott Rochette, Jeff Wolcott, Bill Wright, Paul Millikin, and Aaron Ashton. These are the students that raked and shoveled up the court yard. A.B.W.A. News Grayling Elementary School News

The May meeting of the Grayling Charter Chapter of A.B.W.A. was held at the home of Norma Naour. The invocation was given by Beverly Lowrie. Pam Hull, an employee of the Middle School, was the vocational speaker.

President Norma Naour reviewed Roberts Rules of Order and a question and answer period followed. Rummage Sale plans were discussed and there will be more information regarding this event in later editions of the paper.

Maggie Grandmaison reminded the membership of the upcoming attendance contest. New members present were Diane Christman, Marlene Ritter and Wendy Woodworth. There were 35 members present at the meeting.

Education Chairman Ernestine Church reported there were 31 applications for scholarships. The membership voted to two \$300.00 scholarships to be used this upcoming Fall or Winter term.

The meeting ended with Marti Reichelderter saying Benediction. A variety of delicious desserts were enjoyed after the meeting.

Wednesday, May 27, 1981, the fifth graders from the Grayling Elementary School went to the Middle School which goes from sixth grade up to eighth grade, because next year the fifth graders will be in the Middle School. There a lady took all of the classes around the building. Mr. Nicholas, the principal, passed out a handbook that has everything we need to know about the Middle School. By Jill Brackenbury, Heather Watts, and Kelly Springer.

Henny Penny

In Mrs. Yost's class Jeanne Hayes, Shelly Jones, Brent Leas, Chris Lehti, are putting on a play called "Henny Penny." Jeanne Hayes played the part of Henny Penny. Shelly Jones played the part of the Duck. Brent Leas played the part of the Fox, Chris Lehti played the part of the rabbit. They're doing it because they're reading it in their reading books. They're showing it to Mr. Hayes, Miss Williams, Mrs. Slater's and Miss Loft's classes. They set up the play by themselves.

Honored by Legion Auxiliary

Harold Long has been selected by the ladies of the American Legion Auxiliary Post 106 as the veteran they wish to remember.

He has been a member of this Post for the past thirty five years. Until his illness he was most active in its activities.

He served two full years as Post Commander. Harold, was the first World War II veteran to receive a life time membership from Post 106. This was granted by members of the Post.

Spending most of his leisure hours at the Legion, he helped to build at the present location, donated food and drinks to the willing hands that helped in this task. At that time he was owner and manager of Long's Restaurant. He was instrumental in achieving one of Grayling's landmarks. The airplane that each year attracts many visitors.

He was sponsored by the Legion and attended school in Shelby, Ohio. He graduated with a full knowledge of the operation and maintenance of the machines for the bowling lanes. He served in this capacity until he became disabled.

Harold, was in the U.S. Navy from 1944 to 1946. It was after he was discharged that he and his family came to Grayling to make their home.

Unlocking Universe

Radiotelescopes have unlocked information about the universe that other kinds of telescopes couldn't detect, the National Geographic Society says. Using radar, they can "see" through Venus's dense cloud layer to map the planet's surface.

High School Blood Bank Great Success

The Red Cross Blood Bank held at Grayling High School May 20th was an outstanding success!

Mandi Stillwagon and Sue Anthony, Student Coordinators, and all their Student Red Cross Volunteers planned, organized, and produced a most effective Blood Bank. There were 128 Donors-equaling the number who came to the Spring 1978 High School Bank - they came that close to setting a new mark of achievement!

There were 25 new first time Donors - another outstanding accomplishment - and Crawford County Chapter/American Red Cross is extremely proud of our young people who work together so effectively for such a great service.

May 21st was the 100th Birthday of American Red Cross. It was on that day in 1881 that President Chester Arthur signed the Geneva Convention and the United States joined the League of International Red Cross Societies and our American Red Cross was born.

The theme of the Centennial Convention held at this period in Washington DC was "Red Cross is Ready for a New Century of Service", and certainly the young men and women of Grayling High School demonstrated that they are ready to assume a share in maintaining the vital humanitarian services that American Red Cross, and only American Red Cross, renders the citizens of our beloved Country.

And our thanks to all our regular Red Cross Blood Donors who came to the High School Bank to equal the all time record.

Government Leaders Seeking Message From Tax Proposal Defeat

Warren M. Hoyt, Executive Director, MPA

After voters rejected 3-1 the latest property tax proposal, legislative leaders and Governor William G. Milliken agreed the issue has not been settled by the vote and the Legislature, on its own, must devise a new tax plan.

Milliken, who saw his proposal defeated in all 83 Michigan counties, said he would abide by the decision of the voters.

He added he is looking at about 10 ways to cut property taxes, without providing any replacement revenues.

The most common assessment of why voters turned down the proposal was a distrust of government leaders.

Speaker Bobby Crim (D-Davison) said the level of distrust threatens the success of efforts to revitalize the economy.

Opponents, meanwhile elated over the defeat of the proposal, said the action reflected on the credibility of Lansing leaders.

The message of the voter rejection of the property tax cut/sales tax increase amendment by a stunning 563,050 to 1,447,318 vote was discussed in meetings around the Capitol as leaders performed a postmortem on the proposal.

Tax cutter Robert Tisch, whose stock soared as a result of the defeat of the proposal, now wants the Legislature to implement by July 1 the tax cut portion of the proposal—a 50 percent cut of property taxes for operating purposes and a 50 percent credit for city income taxes.

He is demanding the Legislature carry out this proposal without nearly \$800 million in replacement revenues the 37.5 percent increase in sales and use taxes would have provided.

Among the other proposals advanced was one by Senator John Welborn (R-Kalamazoo) to cut property taxes by 10 percent, costing the state \$500 million.

Other legislators favor liberalizing the

circuit breaker program to give more income tax credits for property taxes in relation to personal income.

Milliken, who said he does not rule out anything, said, "I would have to review everything before I would support more cuts than the \$250 million in Proposal A."

One avenue he said does not seem open is an increase in the income tax rate to pay for property tax relief as he expressed a belief the Legislature would not approve that tax hike.

Crim said the Legislature would work on statutorily-provided tax relief, but he did not offer a firm commitment to that approach.

But, he said, "We cannot abandon our goal of decreasing the burden on the homeowner without crippling the ability of government to provide basic human services that a humane citizenry demands."

Representative William Ryan (D-Detroit), chairman of the House Taxation Committee also agreed the Legislature needs to act. "I do think there's something wrong with the property tax. It needs evening out," he said.

Ryan, however, did not endorse a specific plan.

Even though he said voters might be indicating the tax structure ought to stay the way it is, the governor said he still thinks property taxes are at a level that "makes it difficult for people to survive."

"The regrettable thing about the vote is that the issue will continue to occupy our time when we should be addressing our economic problems," Milliken said.

But Milliken, noting the voter rejection of a string of eight tax plans, said Tisch should not be encouraged. He said a new ballot proposal would also have a difficult time and suggested such complex issues may never be approved by the people.

Dear Sirs:

Could you possibly print this as a letter to the Editor? If not, please bill us for same. Thank you.

On May 21st and 22nd my wife and I were guests of Crawford County for Chairman Exchange Day, during Michigan Week.

Thursday night we were met by our hostess, Commissioner Mary Harland, at the Holiday Inn. The Inn displayed a welcome to us on their marquee and put us up for the night in a lovely room. With a knock at our door Flowers by Josie delivered some beautiful roses to welcome us.

The next day the Crawford County Commissioners took time out from their busy schedules to spend most of the next day with us. After breakfast at the Holiday Inn we

toured Camp Grayling and the airport where we were taken on a guided tour by Major LaGrow. At the public airport Supervisor Bernie Fowler showed us the county from the air.

After lunch at the Arrowhead Inn, Commissioner Mary Harland took us on a tour of the county jail and offices. Sheriff White took time out from his duties to discuss Crawford County law enforcement. At the county offices Mary introduced us to every person there.

We learned what different levels of government can achieve if they work together. We heard the advantages and disadvantages a large army camp can bring to a county. We saw how you successfully capitalized on the advantages and handled the disadvantages.

We saw a very efficient dial-a-ride system in action. We met some county officials who really were proud of their area.

At the end of the day, Commissioner Harland presented us with McDonald's children's packages and Grayling sweat-shirts from Al's Shirt Shop, for our grandchildren.

The day will be long remembered by us. Your hospitality and beautiful North Country made it a day of learning and enjoyment.

Thank you everyone!!

Doodles From The Tall Timber

Wendell L. Hoover
 Park Interpreter

There are over one hundred different plants which produce flowers here in the Park, making it difficult to keep track of blooming times. Some of these plants are weeds commonly known to many people; other plants are so specialized in their needs that they are not common at all. The variety of colors, shapes and sizes still amazes me, and I watch each year for those old friends. Much has been written about orchids but there is one flower that because of its shape is often thought to be an orchid, but it isn't. Commonly known as Gaywings, its proper name is Fringed Polygala. This erect plant growing to 7 inches has 2 flaring pink-purple wings about an inch long and a delicate tube formed by 3 petals with a fringed yellow crest at the end. This often mistaken for an Orchid wildflower resembles a tiny airplane without a tail. Its leaves might be confused with those of the wintergreen, but they lack the fragrance and flavor. This gives the plant the name of flowering wintergreen.

This woodland flower is pollinated by bees which land on a wing; their weight depresses a part of the flower forcing the stamens and pistils to come free and contact the bee. Other insects of lighter weight are unable to expose the essential flower parts. The Gaywings are not numerous, but maybe that is because the bee population in the Tall Timber is not the largest. Anyway, if a tailless airplane in the form of a flower is of interest to you, come out to the Pines.

Youth Golf Classic at Gaylord June 22

The 1981 Insurance Youth Golf Classic, sponsored by the Independent Insurance Agents of Northern Michigan, is scheduled for June 22, 1981 at Gaylord Country Club in Gaylord. According to Robert P. McNamara, the 18-hole local qualifying event, open to boys and girls who will not reach their 18th birthday before August 1, 1981, will be one of more than 400 similar tournaments to be held nationwide. The 1981 National Insurance Youth Classic will be held in Augusta, Georgia, August 6 thru 11, 1981.

Winners in the Northern Michigan tournament will play in Maple Hill Golf Club in Hemlock, MI., scheduled for July 12th, 1981. The 60 low scorers in a field of 150 junior golfers, will play two days of 36-holes in the final round to determine the National Insurance Youth Classic champion.

The 60 finalists, paired off three to a team, will play some of the world's leading professional golfers of the regular PGA tour. Twenty internationally famous pros will compete in the tournament finals.

Entry deadline for the Northern Michigan tournament is June 12th, 1981, and will be limited to a field of 144 junior golfers. Any boys and girls amateur golfer, who will not reach their 18th birthday before August 1, 1981 may obtain an official entry form from any local Independent Agent.

The National Classic, sponsored annually by Independent Insurance agents of America is part of a program to foster good sportsmanship and healthy competition among the nation's youth.

SHORT QUESTIONNAIRES—Northern Michigan Congressman Bob Davis is pictured here with congressional intern Mike Helinski, who helped tabulate Davis' constituent questionnaire. Helinski is from Alpena, Michigan and attends Northern Michigan University. More than 10,000 questionnaires were returned to Washington, D.C. by 11th District residents.

"Circus Coming To Town"

I'm bringing CIRCUS HOLI-DAY into your town for two performances on one day in July. We have an old fashioned circus with Elephants, Clowns, Cotton Candy, Big Tent.

We need an active local group or club or team with a live membership that will sell a lot of tickets to sponsor the show locally.

The local sponsoring group gets 50% of their tickets that they sell in advance of the circus and must arrange for circus lot and local license which they can usually get for free.

This is a good opportunity for an active Civic Group, Youth Group or local organization to raise \$200 to \$2,000 Dollars while helping to bring good family type entertainment to your town.

Lovells Home Extension Group

The Lovells Home Extension Group met at the Township Hall with 15 members and the following guests present: Home Economist, Gale Edwards, Alice Spiess, Mary Pellegrini. A tasty luncheon was served by hostess, Evelyn Bates and co-hostess Velda Marshall.

The meeting was called to order by Chairman, Helen Spencer. Roll Call was "Tell About Your Heritage". Secretary-Treasurer, Mildred Johnson read the minutes of the previous meeting. A thank you note from Olive Lewis was read.

Plans were made for an overnight camp out which will be on Wed., June 10th. Each member cautioned to bring to the meeting items they will need for camping out as no one can go home to get forgotten articles.

Election of officers was held as follows: Chairman, Betty McGowan; Vice Chairman, Velda Marshall; Secretary-Treasurer, Irene Honey; Publicity Chairman, Hazel Koernke; Program of Work Chairmen: Citizenship, Ruth Caid; Cultural Arts, Connie VanDeVen; Family Life, Jane Commons; Health, Margaret Cavanaugh; International, Mildred Johnson; Safety, Leona Nichols; Membership, Sophie Koernke.

College Week was discussed. The date is June 22nd to June 25th. Those attending will be: Betty McGowan and Kitty Pellegrini.

Health Chairman, Margaret Cavanaugh gave a discourse on "Twenty Questions You Should Ask Your Physician When He Prescribes Medication." Some of the questions were: How long to wait before reporting side effects? Do you get up in the night to follow dosage directions? Should you take all of medicine or just till you feel better? Are there Generic brands for this medication? Are Generic brands as good in quality?

Mildred Johnson explained what the AGWW (Associated Country Women of the World) is. It's an organization to promote good will and friendship with women of other countries. 68 countries participate. It is supported to a great extent by "Pennies For Friendship" donated by member groups.

Miss Sherlyn Matthews will be our pen pal from the country of Belize. Hazel Koernke will check on Lovells students graduating from Grayling High School and going on to college. A college scholarship is given each year to all Lovells graduates enrolled in college.

Irene Honey won the mystery package. A lesson on "Cleaning on a Shoe String", was given by

Home Economist, Gale Edwards and Alice Spiess. The next meeting will be held at the Lovells Township Hall on Wed., June 10th with Kitty Pellegrini as hostess. There will be a Silent Auction and a plant exchange. Don't forget to bring your camping gear. Please notify your hostess in advance if you are not going to be present.

Hazel Koernke, Publicity

News of Good Things Growing...

By Margaret G. McCall

June is dairy month, and it's one we can all observe easily, since Michigan's 7,600 dairy farms produce nearly five billion pounds of milk for us annually.

You may be surprised to learn Michigan is sixth in the nation in milk production. The Michigan Department of Agriculture reports state milk production is valued at almost \$600 million, the largest single dollar item sold by Michigan farms. And the department is proud, too, that Michigan was the first state to adopt the Grade A fluid milk law, so all bottled milk in our state meets strict Grade A standards. Trained MDA inspectors check milk "from cow to consumer" to insure wholesomeness.

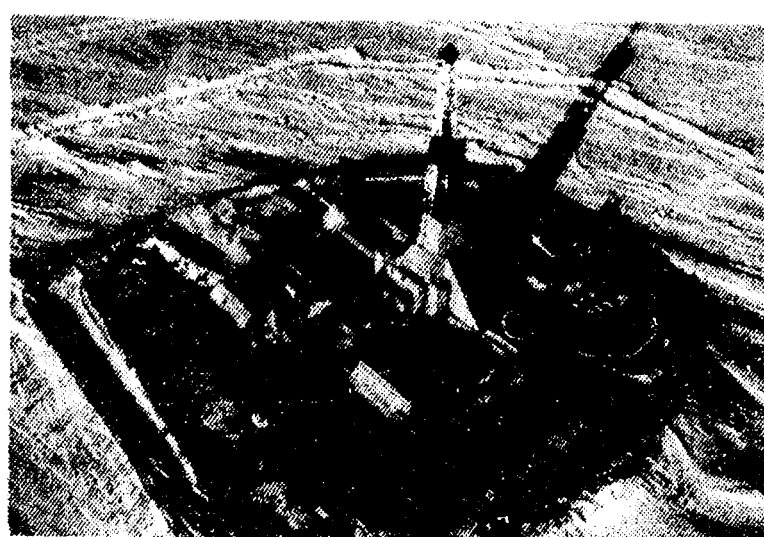

To observe June dairy month, you might try any or all of these suggestions. Mix up a batch of homemade ice cream on a sunny day, put the kids to work cranking, and invite the neighbors to share the results. An assortment of toppings will turn any day of the week into Sundae.

Chilled egg nog isn't just for holidays. It's a delicious, refreshing food for hot summer weather, made more nutritious with addition of Michigan eggs.

Beat the kitchen heat by preparing puddings, made with milk or cream, in the cool of the morning, refrigerate until dinner time. A big Michigan salad bowl, an assortment of Michigan cheeses and cold meats, some crusty French bread can provide the rest of your meal.

Let's see now, what dairy products have we missed? Cottage cheese, of course, the dieter's delight; half-and-half for quiche, fresh creamery butter for vegetables and toast, sour cream for your baked potato.

You get the picture — every meal or snack depends at least in part on dairy products. So join the celebration of good things growing in Michigan's dairy month, and lift your glass of milk.

To The Customers of Michigan Consolidated Gas Company

Case No. U-6839

Notice of Gas Rate Hearing and Notice of Hearing on Motion for Partial and Immediate Rate Relief

On April 16, 1981, Michigan Consolidated Gas Company (Consolidated) filed an application with supporting testimony and exhibits in the above-captioned matter requesting authority to increase its annual revenues from the sale of gas to customers in Michigan by approximately \$114.3 million.

At the same time, Consolidated filed a Motion for Partial and Immediate Relief seeking authority on an interim basis, pending final Commission action, to increase its rates by approximately \$55.3 million annually through the imposition, as soon as possible, of a uniform commodity surcharge of 1.428% per Ccf, or 1.405¢ per therm. Consolidated claims that if it is not granted the partial and immediate relief requested, it will suffer unreasonable and harmful loss of revenues and irreparable harm because of the inadequacy of its earnings and because rates cannot be made effective retroactively.

The tables below show summaries of the interim and final rate increases proposed, in terms of average revenue per Ccf by rate schedule, and the allocation of the revenue deficiency to each of Consolidated's rate schedules. Consolidated proposes increases in rates charged under Rate Schedule No. 8 in order to maintain the existing relationship between the rates charged to those customers and the rates charged under Rate Schedule No. 7. Rate Schedule No. 8, however, has not been included on the tables because most of the revenues in excess of cost of gas received under that rate schedule are subject to refund and thus, are not available to meet Consolidated's revenue requirement.

Consolidated is a Michigan corporation with principal offices at One Woodward Avenue, Detroit, Michigan 48226. The distribution and sale of natural gas at retail to approximately one million customers in its Detroit, Northern and Western Districts is subject to the jurisdiction of this Commission.

Consolidated states that its currently effective utility rates were authorized by the Commission in its Opinion and Order issued on January 30, 1981, in Case No. U-6372 and that the rates now in effect for the sale of natural gas by Consolidated are not adequate to permit Consolidated to earn a fair return on its property dedicated to public use and consequently are not just, reasonable and nonconfiscatory.

Consolidated states that the rates approved in Case No. U-6372 were based on its operating results for the year ending June 30, 1979, with some adjustments to reflect changes which were expected to occur in 1980. Consolidated states that since that time, Consolidated has experienced a dramatic decline in sales, has dedicated additional plant to serve its Michigan retail customers, and has experienced, and continues to experience, substantial increases in its cost of providing natural gas service. The increased costs cited by Consolidated include: costs associated with company use and lost and unaccounted for gas, depreciation and depletion, uncollectibles, taxes, working capital costs and higher capital costs, as well as additional costs associated with its proposed program of reading meters on a monthly basis.

Consolidated states that, as applied to adjusted test year sales, its rates in effect during March of 1981, will not produce sufficient revenue to enable it to absorb increases in cost and raise capital necessary for providing safe and adequate service to the public. Specifically, Consolidated contends that its current rates produce annual revenues which fall short of its adjusted test year cost of service by approximately \$114.3 million annually, even if full effect were given to surcharges to be authorized and received by Consolidated pursuant to the Operation and Maintenance Control by Indexing System. Thus, Consolidated contends that the rates currently in effect will neither recover increased costs nor provide either the rate of return of 9.34% on Consolidated's investment, including a return of 13.25% on common equity, found reasonable by the Commission in Case No. U-6372, or the 10.69% overall rate of return on common equity, requested by Michigan Consolidated in its application.

Consolidated's request for rate relief is based on a historical test year ended November 30, 1980, adjusted to reflect conditions expected to exist in the period when the rates sought in its application are to be in effect — specifically the 12-month period beginning June 1, 1982.

Consolidated represents that its proposed rates would generally retain the rate structure approved by the Commission in Case No. U-6372. Consolidated has, however, proposed a new optional large volume rate which is described below. Specifically, the proposed rate schedules, including cost of gas at the rate reflected in Consolidated's March, 1981, Purchased Gas Adjustment are:

Proposed Rate Schedule No. 1, Non-Residential General Service Rate: Available to any non-residential customer for any use. Provides for a customer service charge of \$10.00 per customer per month and a commodity charge of \$4.1596 per Ccf (100 cubic feet) of gas.

Proposed Rate Schedule No. 2, Residential

Rate: Available to any residential customer as defined therein for any residential service consisting of no more than 4 dwelling units. Provides for a customer service charge of \$5.25 per month and commodity charges of \$4.0231 per Ccf for all usage less than and equal to 100 Ccf per month, \$3.8231 per Ccf for all winter usage (October-May) from 101 to 300 Ccf per month, and \$4.4231 per Ccf for all winter usage in excess of 300 Ccf per month and all summer usage (June-September) in excess of 100 Ccf per month.

Proposed Rate Schedule No. 2A, Residential Multiple Family Dwelling Service Rate: Available to any centrally metered residential customer as defined therein for any centrally metered multiple dwelling service to more than 4 dwelling units. Provides for a customer service charge of \$5.25, \$10.00, \$29.00 or \$64.00 per customer per month, depending on the size of the meter used to serve a particular customer, and a commodity charge of \$4.0276 per Ccf of gas.

Proposed Rate Schedule No. 3, Optional Residential Rate: Available to any residential customer as defined therein. Customer must be 65 years of age and head of household. Provides for a customer service charge of \$5.25 per customer per month and commodity charges of \$4.0231 per Ccf for all usage less than and equal to 50 Ccf, \$3.7104 per Ccf for all winter usage (October-May) from 51 Ccf to 300 Ccf per month; and \$4.4231 per Ccf for all winter usage in excess of 300 Ccf per month or summer usage (June-September) in excess of 50 Ccf per month.

Proposed Rate Schedule No. 6, Large Volume Rate: Available to any customer, in maximum volumes specified by contract, for any use except space heating. Provides for a customer service charge of \$500.00 per customer per month and a commodity charge of \$3.9967 per therm.

Proposed Rate Schedule No. 7, Interruptible Large Volume Rate: Available to any customer, for any use except space heating. Requires the customer to have standby facilities and standby fuel. States that use of gas is subject to the requirements of present and future firm customers and such other uses or sales of gas as the Company may in its discretion determine to make, and is now subject to interruption on 30 days' notice. Provides for a customer service charge of \$750.00 per customer per month and a commodity charge of \$3.8019 per therm.

Proposed Rate Schedule No. 8, Oil Displacement Rate: Available to any customer for general commercial or industrial uses in maximum volumes specified by contract of at least 125,000 Mcf annually, for existing equipment which previously used oil. States that purchases under this rate schedule are limited to a term of four years. Provides for a take-or-pay obligation equal to 50% of the monthly contract volume, but for no other customer service charge, and a commodity rate of \$3.9920 per therm for all usage under 100,000 therms per month and \$3.6118 per therm for all usage in excess of 100,000 therms per month.

Proposed Rate Schedule No. 9, Optional Large Volume Rate: Available to any customer, in maximum volumes specified by contract, for any use except space heating. Provides for customer service charge based on customer usage and commodity charge of \$3.8019 per therm. Service charges range from \$10,000 per customer per month for customers using between 0 and 500,000 therms per month, to \$200,000 per customer per month for customers using over 10,000,000 therms per month.

Proposed Rate Schedule No. 10, School Rate: Available to each individual school which agrees by written contract to use gas purchased only in school buildings as defined therein. Provides for a customer service charge of \$175.00 per customer per month and a commodity charge of \$4.0276 per Ccf. Consolidated represents that as a result of the foregoing tariff changes, Consolidated's average revenue per Mcf, which is the price at which it sells gas to other Michigan gas utilities, would rise to \$4.2181 per Ccf.

Consolidated's proposed Rate Schedules 1, 6, 7, 8 and 9 would only be available to customers who are not subject to incremental pricing provisions of the Natural Gas Policy Act of 1978. Customers who otherwise qualify for these rates but are subject to incremental pricing must take service under the corresponding incremental rate schedule (i.e., 1-1, 6-1, 7-1, 8-1, 9-1), and in some circumstances pay additional charges.

Consolidated has proposed two additional new tariff provisions: (1) Rate Schedules 1, 6, 7, 8, 9 and 10 would be made subject to a late payment charge of 2% of each bill (net of taxes) where payment is not received within 21 calendar days from date of mailing. This charge would be the same as the late payment charge currently included for Rate Schedules 2 and 2A; and (2) Proposed Rule No. 28 would prohibit frequent shifts from one rate schedule to another for temporary or seasonal rather than permanent advantage.

Consolidated has further proposed to make Rate Schedules 1, 6, 9 and 10 subject to a Standby Service Rule. The proposed rule defines standby service as "gas service provided by Michigan Consolidated which is capable of being used in place of the primary energy source and is normally used only for emergencies" and provides for an additional service charge of \$65 per Mmbtu, or 6.5¢ per cf, for each cf of Mmbtu of nameplate rating of the facility taking standby service. Only facilities or equipment with nameplate ratings of at least 50 Mmbtu per hour, or 50,000 cf per hour would be subject to the proposed additional charge.

The Commission has scheduled hearings on the application in Case No. U-6839 and has ordered that:

NOTICE BE GIVEN that:

A. The initial hearing in this case will be held at 9:30 a.m. on June 3, 1981, in the offices of the Commission, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan, which hearing will be in the nature of a prehearing conference and will be held for the purpose of exploring and, if possible, agreeing upon matters which will expedite this proceeding, including but not limited to, the following:

- Determining the parties to the proceeding, the nature of their appearance and the positions they are taking in the proceeding, as well as the facts they intend to controvert or give evidence of, all in accordance with the provisions of Rule 11 of the Rules of Practice and Procedure Before the Commission.
- Simplifying and defining the issues in this proceeding.
- Obtaining admissions as to, and stipulations of, facts not remaining in dispute, the authenticity of documents, and matters of public record.
- Determining the number and identity of witnesses.
- Specifying the schedule for the exchange of proposed and written testimony, and the reduction of oral testimony to written form.
- Establishing procedures for the hearing.
- Specifying a further schedule of dates of hearing.
- Considering any other matters which may aid in the orderly conduct of the hearing and the disposition of the proceeding.

B. Public hearings for the special purpose of taking statements and testimony of any interested persons desiring to be heard on this matter shall be held as follows:

- Detroit** — June 10, 1981, at 1:30 p.m. in the Auditorium of the City-County Building, 2 Woodward Avenue.

Hear The Band

By Terri Fijolek

Last week Tuesday, the band held its First Annual Band Banquet. All high school band members and their parents were invited to attend and we had a very good turnout. After the banquet, the band awards were handed out.

Theresa Fijolek and Shawna Watters, were co-winners of the John Phillip Sousa award. Don Carl and Scott Pittman shared the most improved award. The Louis Armstrong Jazz Award went to George Morse and Lance Watters. As a tribute to the Seniors of the band, a trophy was given to each of them. There were five seniors that included: Terri Fijolek, Shawna Watters, Jay Schrader, Alicia Taylor and Rod Leslie. The band members gave Mr. Harris an award for all his help and dedication throughout the year. Good Luck in the following years!

After the awards, the Jazz Band played a few songs and then turned it over to the Reef Petroleum Big Band. The band played for about an hour and everyone enjoyed the concert. They played tunes by Stan Kenton, a tribute to Duke Ellington, the theme song from the movie "Rocky" - "Gonna Fly Now", as well as some other Jazz favorites.

About Dogs

By June Robinson

A peep into the world of dogs. All breeds of dogs are divided into groups: sporting, hounds, working, terriers, toys, non-sporting and misc.

Great Dane—The Great Dane is in the working group and comes in various colors; fawn, black, blue brindle or black splottches on white called Harlequin. In Roman times they were used to fight wild lions in the arena. The lion usually lost to the Dane. In Germany during the 17th Century he was used to fight wild boar, even the bear and wolf have met their match when face to face with this magnificent dog.

The Great Dane is an extremely adaptable dog and is known for his gentleness with children and small animals. Cats love to curl up beside this gentle giant. They make excellent house pets and enjoy living with people provided they have plenty of exercise and a warm soft bed. They are easy to groom and are easy to obedience train.

As with most giant breed their life span is short and heart conditions, arthritis and diabetes can be a problem.

"Health Hints For Your Pet." Before your dog goes swimming swab the inside of the ear with olive oil to prevent water soaking into the delicate membrane. Dry out afterwards with a cotton swab soaked in very diluted Witch Hazel and alcohol or buttermilk. Rinse off the body with lukewarm water to rid the coat of algae and etc. from the lakes.

Love Is An Eternal Spring-Time

Copyright 1981 Keister Advertising Service
P.O. Box 8024, Charlottesville, Virginia 22906
Scriptures selected by The American Bible Society

For some it is!

But for others it can be a scaring summer
... an early fall ... a chilling winter.

All depends on the two people who leave
the church ... and the road Donna and David
Daugherty choose for their journey together.

For, when love comes to the altar, it is full
of hope ... and faith ... and promise.

And, if love will return to the altar — week
after week — it can discover God's unceasing
renewal of those blessings which first
endowed its sacred vows with eternal meaning.

But it isn't quite so simple as praying to-
gether and staying together.

It is a boy and girl's unending quest for
every spiritual insight that will enable them to
understand ... to appreciate ... to cherish ...
each other! And God!
